She also had Borderline Personality Disorder and the FOXP2 symptoms. Dry throat leading to chocking and vomiting that I had too and had an upper GI. I finally found drinking water works and the swallowing mechanism did not hold food and distend in herniating way.

As a child Dot Dew and her and the Gandy's tried to figure out why I was so volatile as a child. They thought it was a milk allergy. All through and up to 1979 or so they were pursuing endocrinologist and metabolic or hormone problems, and this she thought intertwined with alcoholism and sugar.

All sure made it worse, too much sugar and booze, and I was both a happy drunk and an angry drunk just like uncle Albert in the musical Mary Poppins.

When you're weary Feeling small When tears are in your eyes I'll dry them all I'm on your side Oh, when times get rough And friends just can't be *found*

Like a bridge over troubled water I will lay me down Like a bridge over troubled water I will lay me *down*

When you're down and out When you're on the street When evening falls so hard I will comfort you I'll take your part Oh, when darkness comes And pain is all *around*

Like a bridge over troubled water I will lay me down Like a bridge over troubled water I will lay me *down*

Sail on silver girl Sail on by Your time has come to shine All your dreams are on their way See how they shine Oh, if you need a friend I'm sailing right *behind*

The short story Jen Moore tells in full detail is that the Western side of religions are using stolen genome from the Donegans for insertion into the Ukraine and other locations sleepers are being groomed for as a long running deep state is creating church backed MKULTRA. This is the battle of WWII and Monarchists and Anti-Monarchists as part of that. This is a very long battle and a strange part of history is Harold Gainey, Glorian Gainey, and possibly Marilyn Monroe as Windsor Kutscheras from an underground railroad being genetically raalroaded back into the Western side of the schism..

Though she was born and raised in the Deep South, first North Carolina until Festus Gainey died, likely tied to the Von Trapps, and she and Harold raised in likely the Baptist Church, she married James Donegan and was influence him in every way as I was.

James Paul Donegan my father was raised in oppressive poverty and social conditions in Boston Massachusetts to his Irish immigrant well educated parents who were little more than street people Boston.

Consider his background nd hers, tied to the American Revolution and forced into poverty, and beliefs similar to the origins of Mel Gibson.

Mel Gibson retrieved from Wikipedia and copied or modified to here

The Patriot (2000 film)

The Patriot is a 2000 American epic historical war film written by Robert Rodat, directed by Roland Emmerich and starring Mel Gibson, Chris Cooper, Heath Ledger and Jason Isaacs. The story takes place mainly in rural Berkeley County in South Carolina and depicts Benjamin Martin (Gibson), an American colonist opposed to going to war with Great Britain who, along with his adult son, (Ledger) gets swept into the Revolutionary War when his home life is disrupted and one of his sons is murdered by a cruel British officer (Isaacs). Rodat has said Martin is a composite character based on four historical men: Andrew Pickens, Francis Marion, Daniel Morgan and Thomas Sumter.

Incorporated as Sumterville in 1845, the city's name was shortened to Sumter in 1855.[citation needed] It has grown and prospered from its early beginnings as a plantation settlement. The city and county of Sumter bear the name of General Thomas Sumter, the "Fighting Gamecock" of the American Revolutionary War.

Mel Gibson was born in Peekskill, New York of Irish descent, the sixth of 11 children, and the second son of Hutton Gibson, a writer, and Irish-born Anne Patricia (née Reilly, died 1990).[10][11] Gibson's paternal grandmother was opera contralto Eva Mylott (1875-1920), who was born in Australia, to Irish parents,[12] while his paternal grandfather, John Hutton Gibson, was a millionaire tobacco businessman from the American South.[13][14] One of Gibson's younger brothers, Donal, is also an actor. Gibson stated his first name is derived from St Mel's Cathedral, the fifth-century Irish saint, and founder of Gibson's mother's local native diocese, Ardagh.[15] His second name, Colmcille,[16] is also shared by an Irish saint, and is the name of the Aughnacliffe parish in County Longford where Gibson's mother was born and raised. Because of his mother, Gibson retains dual Irish and American citizenship.[18] Gibson is also an Australian permanent resident.

Gibson's father was awarded US$145,000 in a work-related-injury lawsuit against the New York Central Railroad on February 14, 1968, and soon afterwards relocated his family to West Pymble, Sydney, Australia.[21] Mel was 12 years old at the time. The move to his grandmother's native Australia was for economic reasons, and his father's expectation that the Australian Defence Forces would reject his eldest son for the draft during the Vietnam War.

During his high school years, Gibson was educated by members of the Congregation of Christian Brothers at St Leo's Catholic College in Wahroonga, New South Wales.

Sumter is 22 miles from Sumter to Bishopcille South Carolina, Bishopville where my mother was moved to after Festus Gainey died when my mother was 9.

Though not born a Roman Catholic she joined with Jim in resentment against being left in poverty and the struggles of the Donegan family.

Most of the Pro British movement in the eminated from Jewish refugees of NAZI Germany and sometimes is a perceive locus of the Deep State Shadow Government, and suspicion of Israel ran in my family and many anti-Deep State belief holders.

I tend to sympathize with Jews and their rights and really place the focus on the British, and many Roman Catholics fit the Mel Gisbon profile, anti Jewish Publishing empire power base while also anti-colonalism while Engalnds attempts to regain Ireland, India, Russia, and other nations.

My brother Tom Donegan is dead as Jim and GLorian are who were Tom and my parents. The life my mother and father tried to build for his family is lost especially as I am here in Texas and COINTELPRO mafia violence stages that I am a sex offender, I an not, and on the public attack on me claims it becomes family members of me.

It is more an attack on Atheism and an attack on military veterans as religious attack than anything else, but that I am subjected to these attacks is a crime against James and Glorian as well as an attack on me.

COINTELPRO against me by Texas (Texas runs the DMV of Texas, Texas courts, Texas DOC, and other operations in Texas) is happening in a climate of the state led by Abbot and Paxton and ministries to needy prisoners, needy illegal immigrants, and others who preachers have no budge to help, but on shakedown claims against me, false they hav a budget for those often illegals.

The hatred I have for the shakedown artists attack on me I compare with Gavrić of the movie Peacemaker. His piano he USED to play with his daughter and wife is my household of 52 Lambeth Sq, and psychos MAFIA of Texas COINTELPRO attacking me and that history I compare my rage at that to Garvvic blaming the boundaries violators who brought war into his peaceful home.

This is not quite correct as Tom Donegan and I could have told you. Glorian lived on a farm with Festus Gainey until Festus died when she was about 9 years old. She and Harold

Gainer were then adopted as orphans by the Dew and family, Grace, Ellen as older sisters but adoptive ones older though acting as parents. It was in this South Carolina family I am told my father met Aunt Dot (my aunt) and Glorian Gainey to become Glorian Donegan.

It appears Harold who also had FOXP2 and Glorian were raised under fake Gaieny names. When Festus Gainey died in 1936 the Von Trapp singers took over that farm and GLorian and Harold were moved to the Dew family near DuPont Camden plant that Harold would work for.

His tag line was “Say hello to the Hero” and I think as a child he was asked if he would hold his family secret and later work for DuPont and that he did except talking to me somewhat generally about a king grandfather, my father also said it, and I had thought County Donegal Ireland.

James Paul Donegan, 86, of Lincoln, Calif., originally from Dorchester, Mass., died Oct. 13, from injuries following an accident. Jim leaves his wife, Sue Ann of Lincoln; two sons from his first marriage, Thomas of Provincetown, Mass., and Edward of Arlington, Va. He also leaves a sister, Mary “Betty” Connolly of Atlantic Beach, Fla.; and a brother, Robert of Marshfield, Mass. He served in the Army Air Corps in Europe during World War II and later flew many combat missions as an Air Force fighter pilot over North Korea. Following the war, Jim joined TWA and spent the next 35 years as a pilot captain. His career took him over many of their domestic and international routes. Upon retirement, he met and married his adored wife Sue Ann and together they settled into an idyllic outdoor lifestyle, dividing their time between their Walnut Creek, Calif., condo, and hiking and skiing at their home in the High Sierra town of Truckee. A celebration of Jim’s life is planned later this month in Lincoln for his friends and family.

Once its own city, Dorchester is now Boston’s largest and most diverse neighborhood, evident in the wide variety of global cuisines found on Dorchester Avenue. The Neponset River meanders past several parks, and nearby Franklin Park has woodland trails and a zoo. Quincy to Dorchester 5 miles. St Aidans Catholics.

Ola Hayes 26 November 1896-December 1975 (Age 79) North Carolina, United States

https://ancestors.familysearch.org/ *

When Ola Hayes was born on 26 November 1896, in North Carolina, United States, her father, William Henry Hayes, was 20 and her mother, Ozella Jackson, was 25. She married Festus Gainey on 3 October 1915, in Meadow Township,

Johnston, North Carolina, United States. They were the parents of at least 2 sons. She lived in Goldsboro Township, Wayne, North Carolina, United States for about 5 years and Goldsboro, Wayne, North Carolina, United States in 1975. She died in December 1975, in Wayne, North Carolina, United States, at the age of 79, and was buried in Wayne Memorial Park, Dudley, Wayne, North Carolina, United States.

Festus Gainey of North Carolina DID die when my mother Glorian Gainey born 1926 was about 9. She explained she and Harold were in extreme poverty wearing gunny sacks but if clean were not to be embarrassed about and growing up singing and dancing as a kid, saying later in life spinning around “I should have been a dancer!”

Why send two people with FOXP2 Syndrome on the world stage to argue against Nazi Eugenics?

Thomas Neil Donegan and relavance to USA History

GROWING UP WITH AUNT DOT, C.E, HAROLD, AND GLORIAN EARLY 1970S IN THE SUMMERS TO 1980

Significance: Glorian grew up on a South Carolina farm with the Dew - Gandy family after her “Uncle Festus” died on his farm long before, orphaning Glorian and Harold. Pictures were passed around of Festus on his farm and included long stories of family history and genealogy of the entire family structure in South Carolina

Blunder: As for Tom and me and Glorian I am the only one left. Those stories of Festus continued into 850 N. Randolph with me and Glorian or Glorian Tom Mark Ed going through them, my childhood photos such as at the pool in Los Angeles or other locations. Tom and Mark promised to scan and return the photos, and like

every picture of me someone ESLE took or I took, the pictures disappeared completely, gone from desk drawers, etc., no explanations, as Glorian's hats disspeared to and othe family memorabilia was destroyed and thrown out. This happened at least since the mid 1990s and up until Glorian's death. But what was the motive? Tom is now deceased. Who asked him and what was done with the missing articles. James Donegan's beer mug from his German flight group disspeared from the Moraga house as did everyone of his standing in front of plane photos in flight suits and helmets, etc., My father wondered if I took it to use for drinking since Tom was living in D.C. during college.

Significance: I showed FOXP2 behavioraly in South Carolina and it was talked about. Was it the milk making him mean, hard to control, fighting back at things? What was it? Maybe he was allergic to something else. In various years Thyroid or Thalmus was suspected. Dry throat was common and vomiting after meals. I had mine diagnosed in the 1990s, possible leading to increased Stalk of me. My mother and I had swallowing problems most of our lives until we figured out that having water nearby helped and conscious pre-swalling of saliva helped.

Blunder: All those talks are lost from most people, a few others from that household may be alive. James, Ed Tom would lay awake wonder if mother would be O.K., multiple doctor trips had not resolved the throat problem.

Significance: Glorian's biological brother Harold from Festus family made lots of "You like like a king in that blue bathrobe Ed (i always use bathrobes and that was given to me) and made lots of comments about "Say Hello to the Hero and indicated there was something somewhat special about some aspect of the family life they were able to pull off.

Blunder: What did Harold, Tom, Dot, C.E, and others know and talk about as I was analyzed and discussed during all of this?

Significance: Likely homicide of patriot Jen Moore who was outing an Espionage spy ring she called the Anwan Spy Ring which seems tied to a wellness group in Georgia but operated from and through Pakistan

https://steemit.com/dtube/@mjsnosk8er/7ewsfs26

"At least 40 'Simboxes' (multi-SIM card device) and 3,000 SIM cards have been seized from the suspects."

Anyone familiar with the Imran Awan aka "Awan Brothers" investigation, underway by George Webb (https://www.youtube.com/user/georgwebb) may see this as a breakthrough in the Webb case. Why? Because US prosecutors can point to an example where the group in question ISI has committed the same crime in India. In other words Modus Operandi. IMO: ISI = CIA

These are a few of the story highlights:

The Anti-Terrorism Squad (ATS) busted ISI Spy-Ring in India's Congress and military.

The spy ring facilitated calls from and to Afghanistan, Pakistan, Bangladesh and Nepal, bypassing legal channels.

The arrest of 11 men by the Madhya Pradesh Anti-Terrorism Squad on Friday is turning out to be a political blame game in the state.

Jen Moore asserted STEM CELLS operation in the Ukraine tied to POTUS Biden's son and the matter of an impeachment against Donald J. Trump and later riot had ties to someone who came to the USA at 9 years old after having had to sing for the NAZIs. The story is not likely of 1936 but rather on 1926 when the true story is the Von Trapps arrive in North Carolina. Jen Moore probably had the trail of Glorian Donegan from after the death of Festus Gainey and later move to South Carolina. She also had personality attributes of Glorian incorrect but seemed upon it sounds like meeting Glorian finding Glorian was a sweet and loving person. In fact Tom Donegan throughout the lives of Glorian and myself created a very false legend of schizophrenia, violence, incompetence in IT, etc., This genealogy history and Jen Moore filming 850 N. Randolph and referencing ***The 3rd Reich & "The Artist" Infiltration into US Politics*** * It is probably true Glorian and Harold Donegan are Maria Augusta Kutschera children by a Windsor and that DNA was moved into the Bush, Obama, Kelly, Paul, and many other family lines and now the CIA is covering up the plot which included the assassination of JFK, RFK, and media figures. Before Lee Harvey Oswald was shot he was trying to call John Hurt and the Schwarzenegger Shiver Peace Corp part of this story may have died with Oswald and died with Tom Donegan

TOM DONEGAN REFERS AN OPENING TO ME AT AOL TIME WARNER IN THE 1990S

Significance: The theory of this book which has massive implications about a Shadow Government which assassinated many of the Kennedy's out of self guilt and need for cover-ups goes along these lines.

Glorian Donegan as a racial Human Origins study of brains contributed DNA to Barrack OBama Jr's brain probably along with Malcom X. If Glorian Donegan's DNA entered Sasha and Malia via 3rd party parenting using DNA in input from Glorian then Glorian DNA reaches Sasha and Malia via an alternate path which substitutes in history for the real path. That itself is a story. The need to do that to protect the program of involuntary DNA usage and tests of DNA around the world for Twins Studies is huge and tied to Great Brittian whose Commonwealths include England and Northern Ireland.

Blunder: Losing a witness as to the veracity of my theory is important, who asked Tom Donegan to assist (if this theory is true) is more important and the FBI CIA DARPA NSA USPHS operation tha thad the need to conceal this matter by Tom

Donegan's acts and the actrions of others is even more important, it would expose those who run the Shadow Government.

38th Governor of California In office NOVEMBER 17, 2003 - January 3, 2011. George W. Bush is President and Dick Cheney is VP through 2008

Some question, at least in my mind, exists if the Governator came over from NAZI Germany with FOXP2 in his family, disavowed by his NAZI father or both with his brother or his brother was, and did in 1961-1963 was he part of the USAID Peace Corps LBJ James Angleton J. Edgar Hoover East-West Center DARPA Brain program study of DNA and family lines?

Significance: Sasha and Malia are about to be born, Pete Conrad Jr. dies, I am stalked and doubled during that job at AOL. Does this allow 2001 and on to unfold?

Blunder: Was Tom Donegan working with Kamala Harris "tracking a perv?" I recall at Bondage A GoGo and walking in San Francisco people following me and talk of most of the women I was interested had an average of over 25 years old and that was causing them extensive problems and they talked about that in front of me. Kamala Harris would rise to power on an anti-e sex offender campaign defeding vulnerable newly as San Francisco District Attorney. Will we ever know? Who set up another Edward Donegan at AOL and mixed up our payroll?

MY BEING FIRED FROM WELLS FARGO IN ABOUT 2002

Significance: An obvious major railroad and one that was race baiting such as cheap shots about Irish beign drunks, etc., was underway at Wells Fargo as bizzare stree assualts on me were occuring, staged events I think tied to Kamala Harris where a meth dealer introduced to but not normaly part of my buying small amounts of meth was a creepy child molester. Later I was fired in a strange backroom hanlded way were I was shunned in the whole proccess by a Wells Fargo likely under MIND CONTROL with Street Theater information passed into Wells Fargo. Wells Fargo itself seemed Infiltrated as some Canadian, Mossad friendly, and perhaps bad mannered white marshall who was a bomb with a lit fuse stirred up trouble. Even today Wells Fargo has had a major Shadow Government role. It had 1.75 Trillion in assets and 24 billion dollars revenue at a time I was working extremely sensitive security issues. In California in between William Ruiz and Jim Volcelka Wells Fargo had espionage insiders, in downtown Austin they did, and to this day have dopple accounts of me and had accounts opened without a person's permission lawsuits. That was a big deal as I tried to open a Wells account in Texas while homeless and the ARC of NOVA fought me will they could, only when I became my own Payee could I pay off overdrafts, etc.,

Blunder: This was no accident and Tom Donegan and others were working a campaign and Wells Fargo may be an MKULTRA mafia infiltrated organization

with criminal insiders which I have always said was the case. Tom allegdly handled things in the background via Cisco and other matters as I was being fired. One key point. A female heavy set tech writer was incompetent gained control of the group with Greg Rolles assistance I was already leading. She used a widely false accusation I had assaulted at the exit turn styles while Gregg ROlles was out of town. Upon his return when the assertion was presented to me I was told no tapes of the event were available.

There were so many complete sham activities surrounding me in every matter include strange crossing of paths with people I refused to be an inpatient in rehab for lack of trust of anything or anyone while a Stalk was going on, which I pointed out to my father who was visiting, and he noticed people very oddly orbiting and following us around too, out of place.

POST WELLS FARGO 2002 UNTIL 2007

Significance: According to Linda Newkirk who was working with (according to her) the US Military was working around the world throughout the NSA, US Air Force, Nasa Missile Command, and at times Russia on a world genetics medicine plan which would move DNA into regions where economic productivity is low and some lack "salvation" and were not "righteous." Others were righteous but had cognitive developmental deficits. Tom Dunham of San Francisco let me know he was being stalked and I was being stalked to, but I was concerned he was the cause of it and I cut ties to him later I wished I had not. Ted Gunderson died in about 2009 after claiming he was stalked and I put him in the category of Tom Dunham and myself and tie all this into the Criminal MKULTRA Mafia based system Gunderson, JFK, RFK, and Ted Gunderson fought but lost to.

It could be said I underwent damage during these years. I was repeatedly arrested, asked if I was on my meds and put in mental hospitals, had a broken jaw and jaw damage from a racially charged street fighjt I did not initiate, and lost most of my life to incarceration. During this time I gained definition and the lenses I see through. Racial minorities are needy, addressing their problems incorrectly and generally a threat to those they hope to either illegal or exploitative engage with. In the earlier case out of circumstances and the latter out of predation they can have an agenda which accepts Zero Sum. They are needy enough one dollar gained from you is ok if is one dollar lost to you in an underhanded way.

Blunder: In the arrest again a racially charged situation emerged and I believe with my brother Tom Donegan destroying evidence I was held without trial in conspiracy against rights, evidence tampering, evidence destruction, and I was also dirty bombed in custody, again, him destroying evidence and there was yet another attempt on my life while I was with my mother. His role or complicity in this is important.

In this book I assert several characters with tell-tale dates of events were involved in the Nuclear Materials murder of Karen Silkwood, looking like a Department of Energy controlled plant accident but Karen Silkwood was on the list of people expressing FOXP2, probably won her co-workers vote by understanding them.

When they killed her they kept some left-over for other hits. Tom Donegan was complicit on the hit on me. Could that have led to the Silkwood murder being solved? Silkwood Born: FEBRUARY 19, 1946, Longview, TX Died: NOVEMBER 13, 1974, Crescent, OK

for use in a trust fund which claims legitimate right to contract or use assets in my name or reassign assets of mine or the trust fund which was created from house sale proceeds and left in a will of GLorian Donegan.

That money, those assets, are not are what are in dispute.

Jim Donegan fought in WWII and took risks at an Atomic Veteran so I could succeed in life, living in a good neighborhood, sending me to good schools, traveling for education rather than recreation (I never went water skiing in my life, resort travel was not our travel,) and he encouraged me to have good relationships, etc., were his goals.

A non believer based on his intellect, study of European history, philosophy. and and his personal experiences with his Catholic church he became atheist early my youth.

He sacrificed everything he had to raise and educate me in a United States which is now trying to create a defamatory "Legend" about me, humiliating me and humiliating my education level so once trapped in horrific sewers my life will be drowned and destroyed and his and my mothers DNA will go into the very thing our lives lived to oppose and felt were destructive to world history and destructive to wisdom.

After his and my mother's death his genome and my mothers became the subject of racial violence.

Dehumanizing racial motivated sexual violent attacks on me called a GangStalk created a Legend, a Legend based on the action of others towards and the actions of those as me which created an infantalized person under Salvation Army care.

On the night of 2/9/2022 a black female in tight yoga pants was walking on Ocean Drive. I had no idea who she was or had anything to do with her nor did I photograph her. As she was walking a Fedx or UPS truck of some type noisily passed as if to use an implication of delivery though not

That group the Salvation Army buying adult entertainers and use of genome of the Donegan family for themselves, envious of what it was, and gaining access by utilizing the sexual battery of me to suggest I owe others for having been battered.

making a statement. In the upstairs apartment a person confessing could be heard, this person saying others had the right to complain about him, he had asked a Victoria Secret model to help him get comfortable with the idea of bullwhippings because he did not understand himself or how to talk about things, and he acknowledged wrongdoing towards minors and agreed he would hvae to make inter racial babies in compensation.

I call myself the donought whole not touching or touched by the events which surround me though from an outside perspective I appear to be in them and accusations or claims can be made to other people, people on a different side of the donought than me, about me.

While the assailants say that I owe "non white children" for a Dopple of mine's acts I do not believe violent criminal racial syndicate should produce any rape babies, that human trafficking syndicates are violently when they take prisoners and hold them at threat of death or arrest, and the evil of violent crime Eugenics crimes is at least an evil as the murder of good people, aka the Jews Nazis killed. Just as much an evil of a dead Jew is a living rape baby, both done in Genocide.

A criminal syndicate realizing I came from good and celebrity DNA line found out by sabotaging me with child porn, race baiting me, and getting me under false arrest I could be "targeted" by these operations and become the victims of that criminal syndicate.

What is at issue is not the Trust Fund my family left me, both my father and mother part of the planning of that, but the effort they put into raising me as a child into adulthood for me to life in the USA with the benefits of being the next generation after him and Glorian in the USA.

It is that effort of his and Glorian's life that is being attacked by plants of child porn on me, false arrests, subversion of my life, etc.,

I believe the attacks are designed to be so destructive as to dehumanize my ability to enforce rights including rights to trial as I am painted as developmentally retarded and unworthy of trial, rather nursery school treatment in psych wards, the result being a non productive life of mine, a life denied real opportunity.

For the purpose of Moral Hazzard a survivor who killed a Jew may have gotten little out of it and not recognize any real gain, in fact, it was his loss. On the other hand he or she who creates an Ethnic Violence rape baby has gained, and as the survivor and benefitting person may be an example to others.

A Labor Racket is goods or services FORCED on a person who does not want them. Similar to Bribery or Extortion, Labor Rackets manufacture business which is involuntary from customer point of view.

Forcing me into position with "porn" who others not me victimize as peeping tom porn makes me by forgery based and misrepresentation based fraudsters a forced costumer of a Labor Racket.

The Criminal Syndicate which as assaulting me with child porn and asking my trust fund to provide me child porn is not legitimate at all, just needed by Red State Christians to bill my trust fund while also destroying my life and Ahtiest reputaion.

The racially motivated Cartel racket is designed to pay for itself to plant child porn on the son of Glorian and Jim, and even pay themselves to do it.

I lived Jim, Glorian, and Tom at 52 Lambeth Square Moraga CA which she said DURING THE divorce in the 1982 she would leave in her will for Tom and Ed, and also she would not buy again but live on parts of the retirement package from James Paul Donegan which was sufficient to rent with.

She and I lived in that house after Tom and James Paul Donegn moved out. Later visitors to GLorian and Ed were Tom and Mark, Harold Gainey and Dot Dew, and others, Chris Loyd, Honey Binning.

Glorian and I also lived in 850 N. Randolpyp where she worked on version of the will with Elder Law Partners on multiple versions and we discussed my life after her death, going back to work, etc., which we both hoped for and she encoruaged Creative Fathams HTML meetups, etc., and I knew what her will was as she expressed in probably about 300 or so conversations at minimim including being certain I owned a car.

The Star Trek franchise under Desilu Productions, the Sound of Music and other fiction are full names alterted media tell the story of Maria Kutcshera neice and ward of Nazi Gestapo General Franz Kutschera who has three out of wedlock children with the Windsors.

While the Windsors do not marry her they urge to marry Captain Von Trapp and take not only him as a husband but the role of mother for his 7 existign children.

The 10 children will come to the USA North Carolina after have been use in Germany for a while by Franz Kutcshera as child Hitler Youth like propoganda singers. Upon coming to the

USA they will sing praise for the Allies.

The CIA and Vatican have much to do with this including Lucille Ball and Desi Arnez, Desi a Cuban exile or immigrant with pro USA feelings. The CIA and Show Business organized by the CIA and OSS propoganda has not only a propoganda role but is also helpign with speech therapy as the British Royals study speech modulation, etc., in the study of FOXP2 Syndrome,written and other various minimal brain dysfunction including ADHD.

The SHow Business mafia that went from running numbers game in Chicago into Palm Springs and Vegas are full of connections with Peter Lawford, Sinatra, and others, and the Vegas imported mob (From Chicago) will help try and oust Castro.

The larger umbrella is that the plan also included grooming Barrack Obama and others and CLorian DOnegan DNA was used who was tied to the North Carolina Maria Von Trapp refugees.

The schism with the Kennedy family was that he opposed the mafia and opposed India Tea Company meddling in other countries while his CIA and Military were very invoved with those operations and the Oil Barrel Politics of Rockefellers, Standard Oil, moving making, gambling, show business, and even defense contracting by congglomerates like RKO, RCA, DuPonts, many others.

The Kennedy Curse is upon the Donegan family too.

The various book play, and film versions are part fictionalized but in 1926 or so the Von Trapps left Austria with London help for a final destinaation of North Carolina. In one versiona character in the story who is likely Himmler is said to be a member of the illegal Nazi Party. It became illegal in 1936 and the Austrian SS was not the exact same thing as the German SS then but the activity was not illegal in 1926. The key point in this as that the time-frame of the play is off by about 10 years and contains some dialoghe that does not fit the real time-line and obscures the real timeline.

I consider the timeline issue important because I believe my mother GLorian Donegan and Harold Donegan were from Prince of Wales Edward in the 1920s as was Marylin Monroe and Maria Kutschera wished to hide the three out of wedlock children's identity from the Kennedy's, that the mother was the neice of an Auatrian Gestaop General Franz Kutschera who was a death camp ally of Himmler, and that the children in the US were tied to that history not revealed in the movies (It was revealed to select people king Edward VIII was the father during publicity tours.) The Free Masons the Rotshchilds, Windsors, and DuPonts DID know.

Joachim von Ribbentrop retrieved from Wikipedia and copied or modified to here

Ribbentrop in 1938 Reichsminister of Foreign Affairs

Joachim von Ribbentrop (30 April 1893 - 16 October 1946) was a German politician who served as Minister of Foreign Affairs of Nazi Germany from 1938 to 1945.

Ribbentrop first came to Adolf Hitler's notice as a well-traveled businessman with more knowledge of the outside world than most senior Nazis and as a perceived authority on foreign affairs. He offered his house Schloss Fuschl for the secret meetings in January 1933 that resulted in Hitler's appointment as Chancellor of Germany.

Schloss Fuschl is a castle in the gemeinde of Hof bei Salzburg, in the Land Salzburg in western Austria. It stands on a peninsula at the western end of Lake Fuschl, a glacier lake. It was built in about 1450 by the Prince-Archbishops of Salzburg, who used it as a hunting lodge.

In 1816, the prince-bishopric of Salzburg was dissolved and the property passed to the Austrian state. It fell into disrepair.

By the 1930s, it was owned by Gustav Edler von Remiz and his wife Hedwig, who lived there. Remiz was a member of the Thyssen dynasty. He was a supporter of the Fatherland Front, so was imprisoned by the Nazis in Dachau, where he died. His property was confiscated, and Schloss Fuschl became the summer residence of Joachim von Ribbentrop, Nazi foreign minister,[2]: 41 who used it for diplomatic receptions for Germany's allies.

Louis Mountbatten, 1st Earl Mountbatten of Burma retrieved from Wikipedia and copied or modified to here

Louis Francis Albert Victor Nicholas Mountbatten, 1st Earl Mountbatten of Burma (born Prince Louis of Battenberg; 25 June 1900 - 27 August 1979), was a member of the British royal family, Royal Navy officer and statesman, a maternal uncle of Prince Philip, Duke of Edinburgh, and second cousin once removed of Queen Elizabeth II. During the Second World War, he was Supreme Allied Commander, South East Asia Command. He was the last Viceroy of India of British India, and the first governor-general of the Dominion of India.

He was of the Greek family Prince Philip was from.

He was a long time playboy close fried of King Edward VIII and they are often pictured together. It was while traveling with King Edward VIII Mountattan met his wife who took the name Edwina.

In March 1947, Mountbatten was appointed Viceroy of India and oversaw the Partition of British India into India and Pakistan. He then served as the first Governor-General of India until June 1948. In 1952, Mountbatten was appointed commander-in-chief of the British Mediterranean Fleet and NATO Commander Allied Forces Mediterranean. From 1955 to 1959, he was First Sea Lord, a position that had been

held by his father, Prince Louis of Battenberg, some forty years earlier. Thereafter he served as chief of the Defence Staff until 1965, making him the longest-serving professional head of the British Armed Forces to date. During this period Mountbatten also served as chairman of the NATO Military Committee for a year.

In August 1979, Mountbatten was assassinated by a bomb planted aboard his fishing boat in Mullaghmore, County Sligo, Ireland, we are told by members of the Provisional Irish Republican Army. He received a ceremonial funeral at Westminster Abbey and was buried in Romsey Abbey in Hampshire.

The movie Leprechaun with Jenifer Aniston came out a few years later.

Wallis Simpson, the Nazi minister, the telltale monk and an FBI plot retrieved from [US papers shed light on efforts to spy on fascist sympathisers copied from GaurdianUK. Rob Evans and David Hencke] and copied or modified to here

When the Duke and Duchess of Windsor sailed into Palm Beach, Florida, on the SS Berkshire from Nassau on April 18 1941 they were looking forward to enjoying three days of relaxation at the Everglades Club playing golf and drinking and gossiping with American high society.

Little did they know that the previous night instructions had gone out from ***President Roosevelt to FBI chief J Edgar Hoover to launch what was to be an extraordinary covert intelligence exercise that had to fool both the exiled royals and the US secret service agent who was guarding them***.

The exercise was launched after the FBI had been passed intelligence that the duke and duchess were being used by the Nazis to obtain secrets which could wreck the allies' war effort. The US investigation became even more lurid when FBI agents interviewed a benedictine monk in a Franciscan monastery in the United States; Father Odo had once been the Duke of Wurttemberg, a minor German royal with connections to Queen Mary, the duke's mother, and her brother, the Duke of Athlone, then governor general of Canada.

He told them that a prime suspect in the investigation - Joachim von Ribbentrop, then the Nazis' foreign minister - had been the duchess's lover when he was ambassador to Britain in 1936. The minister was already thought to have been supplied with information by the duchess during the German invasion of France in 1940. Now it was suggested that there was far closer arrangement.

Father Odo told the agent: "He knew definitely that von Ribbentrop, while in England, sent the then Wallis Simpson 17 carnations every day. The 17 supposedly represented the number of times they had slept together."

He also revealed that the Duchess of Windsor had told guests at a Paris party that: "The duke is impotent and although he had tried sexual intercourse with numerous women they had been unsuccesful in satisfying his passions."

He went on: "The duchess in her own inimitable and unique manner has been the only woman who had been able to satisfactorily gratify the duke's sexual desires."

Exile

The duke was forced into exile after he abdicated as King Edward VIII in 1936. He first went with his lover, formerly the American divorcee Wallis Simpson, to France and was only later exiled again to Bahamas to keep him out of the way.

By the time the US president authorised the intelligence operation, the couple had been deserted and snubbed by the royal family and the British establishment. They were suspected of favouring the Nazis after they visited Germany in 1937 and were entertained by Hitler and other senior Nazis.

A year after war broke out, the FBI sent a memo to President Roosevelt outlining the agency's worries about the couple. It stated: "It has been ascertained that for some time, the British government has known that the Duchess of Windsor was exceedingly pro-German in her sympathies and connections and there is strong reason to believe that this is the reason why she was considered so obnoxious to the British government that they refused to permit Edward to marry her and maintain the throne.

"Both she and the Duke of Windsor have been repeatedly warned by representatives of the British government that in the interest of the morale of the British people, they should be exceedingly circumspect in their dealings with the representatives of the German government. The duke is in such state of intoxication most of the time that he is virtually non compos mentis. The duchess has repeatedly ignored these warnings."

It is the system itself that, that is incapable of producing freedom for the twenty-two million Afro-Americans. Just like a chicken can't lay a duck egg, a chicken can't lay a duck egg, because the system of the chicken isn't constructed in the way to produce a duck egg. And just as that chicken system can't produce, is not capable to, of producing a duck egg, the political and economic system of this country is absolutely incapable of producing freedom and justice and equality and human dignity for the twenty-two million Afro-Americans.

Duke Carl Alexander of Württemberg retrieved from Wikipedia and copied or modified to here

Carl Alexander Herzog von Württemberg (Father Odo OSB) (12 March 1896 - 27 December 1964) was a member of the House of Württemberg who became a Benedictine monk. During the Nazi and post-Nazi era, he provided aid to refugees, Jews, and prisoners of war and was reported to Nazi authorities for these activities. He

acted as informant of Federal Bureau of Investigation and spied on Wallis Simpson, the lover and later wife of the former British king Edward VIII.

Carl Alexander was the third son of Albrecht, Duke of Württemberg and his wife, Archduchess Margarete Sophie of Austria. He also had four younger sisters. He was taught at home and attended high school after 1914.

In World War I, he fought on the Western Front in Italy. He resigned from the army at the rank of captain, following the German Revolution of 1918-1919, and within a few months became a postulant at the Abbey of St. Martin in Beuron. He entered the novitiate in 1920 as "Brother Odo," taking vows in February 1921. His father succeeded King Wilhelm II, a distant cousin, as head of the House of Württemberg in October of that same year. Brother Odo was ordained a priest in 1926. In the summer of 1930, Father Odo was sent to the Abbey of St. Martin, in Weingarten, not far from Castle Altshausen. He held several offices in the monastery and was active with different Catholic youth organizations. Because of his position and his family's conservative Catholic values, he was involved in opposition to National Socialism as early as 1933 and was interrogated by the Gestapo several times.

He left the abbey and traveled to Württemberg in 1934. The Nazis expelled Father Odo from Germany in 1936, and he took refuge in monasteries in Switzerland and Italy. In Switzerland, he founded International Catholic Refugees and traveled through Europe.

Emigration to the United States

In 1940, after the Swiss government informed him that they could not guarantee his safety, Father Odo decided to emigrate to the United States. Before leaving, he destroyed his personal papers, so his activities could not be traced in detail. From 1941 Father Odo lived in Washington, D. C., continuing his work with refugees and enabling Jews to emigrate from Germany and its conquered territories. From 1943 onward, he was involved in the pastoral care of Germans in American prisoner of war camps. He told the Federal Bureau of Investigation that the Duchess of Windsor had been sleeping with Joachim von Ribbentrop when he was the German ambassador in London (1936-1938).

The historian and archivist of the House of Württemberg, Eberhard Fritz, believes that Claus von Stauffenberg's opposition to Adolf Hitler may have been partly motivated by his relationship with the House of Württemberg (Stauffenberg's father was the last Oberhofmarschall of the Kingdom of Württemberg). Stauffenberg was personally acquainted with Father Odo and was well aware of pockets of resistance against the Nazis.

The more likely story from the garbled version is that 1920s playboy Prince Edward of Wales had illigitimate children and the issue was left as a cloud over more distancable Wallis Simpson than the prince himself and that done for preservation of the direct line of the English crown.

Swallowing Exercises for Dysphagia From Neurological Causes retrieved from www.verywellhealth.com and copied or modified to here

While swallowing is considered an effortless, reflexive action, it's actually quite a complicated and coordinated maneuver involving many muscles and nerves.

s a result, neurological conditions characterized by damage to the brain, spinal cord or nerves can often result in difficulties swallowing, called dysphagia.

Depending on the specific neurological condition, a person may experience dysphagia for unique reasons. For example, with a stroke, a person may have difficulties swallowing because there may be an absent or delayed swallowing reflex, weakened throat muscles, and difficulty controlling tongue movements.

This is in Edward Paul Donegan and Glorian Donegan. While my brother was a negative for the disease he did develop cancer in this area and I am suspicious if that gave researchers acess to invivo study of him at the cost of him having cancer.

Twins studies and this disease are built around understanding and building a new better Prince Albert of York who can give rallying speeches, the royal role.

Moves are tough, including moving away from Virgina to where I could afford to buy a house (my first questions to locals in Corpus Christi starting with cab ride from airport to hotel) take time, take work, I wanted to buy a house 7 y ears ago but it was sabotaged, undermined by arbitrary and capricious trust fund who wanted me out of safe home, safe, transportation, and easy prey for GangStalk predation upon me, many of the predators needy

people who had no trust fund but were NOT right wingers. Law suits against an alt right guy as he rides the bus, etc., helped the trust fund kite money from Glorian Donegann to people the money was not intended for.

Later in this book I will talk about the blatantly illegal sham black marketing of Donegan DNA to fund various shame programs simultaneously defaming the Donegan family and thus hiding the origins and worth of what is being violently co-opted.

Simultaneously with accusing my brother Tom Donegan who I both love and hate of being a patsy for the Obamas who is a mole for Red State republicans, the Queen of England, and religious causes Tom would object to, I also am in deep pain about his death, I am suspicious of his death and whether medical treatements created the diseases which medical treatments then opportunistically intervened into.

Tom Donegan has passed away retrieved from Currentobituary.com and copied or modified to here

Obituary

Tom Donegan of Provincetown, a member of the Select Board for six years in the 2010s - three of those as chair - passed from this life on July 14 in Manhattan, surrounded by love, his husband Mark Weinress and dear friends. Tom was 61 years old.

The cause of death was leptomeningeal disease brought on by esophageal cancer.

Tom moved to Provincetown in 2009 after retiring from AOL. Within quickly rolled up his sleeves and became of service, as was his way his entire life. Tom served on the town Finance Committee, becoming its chairman, from 2012 to 2013.

In 2013, he won election to what was then called the Board of Selectmen and was chairman from 2014 to 2016. He easily won reelection to the board in 2016, His chief goals were improving the use of town resources, with a special focus on finding solutions to the affordable housing crisis. Tom also served on the board of the Provincetown Year-Round Rental Housing Trust and the board of the Cape Light Compact. His work there was important to him given his strong belief in protecting the environment. As an action guy, he always wanted to put his beliefs into real work.

In December 2018, Tom left his position on both boards to help support his recently widowed mother- in-law in North Carolina. He remained an active member on the board of the Fine Arts Work Center, serving for a time as treasurer, until his death. It was an organization that was very important to him, and he enjoyed meeting and discussing their work with FAWC's fellows.

Thomas Neal Donegan was born in Los Angeles on Jan. 21, 1960. A year later, his brother Ned was born. (Ned survives him.) The family lived in Manhattan Beach, CA, and the San Francisco Bay area, divided by a stint in Marshfield, MA, while Tom was in elementary school.

His father, Jim, was a pilot for Trans World Airlines. His mother, Glorian Gainey, a South Carolina native, was a homemaker and later a real estate agent. The Donegan family used their T.W.A. perquisite to journey all over the world, imbuing Tom with a lifelong passion for travel, flying, and even airports.

Tom attended the Head-Royce School in Oakland, CA, after which he enrolled at the George Washington University in Washington, DC., where he majored in political science. Tom was the ad manager of The GW Hatchet student newspaper and president of the Sigma Chi fraternity chapter, which he steered toward community service. He earned his bachelor's degree in 1983.

But the most important thing that happened to him at GW was meeting Mark and commencing a lifetime of 38 years together, They were wed on July 27th, 2015, a month after the Supreme Court decision legalizing gay marriage, at Saint Mary's church in Provincetown MA.

A year after graduation - both Tom and Mark began a spiritual program of recovery from alcohol and drugs. They have cherished their continuous sobriety from that date and consider it, along with their 38-year partnership, as the best thing they've ever done.

The couple lived first in the District of Columbia, before moving in 1999 to Arlington, VA. It was there in 2001 that they welcomed for the year, 16-year-old exchange student, Svenja Jaeger from Germany, who considers Tom and Mark her "American dads." Their close relationship is one of the most important in their lives. And they now get to be the American granddads.

Tom joined the Baltimore office of the W. B. Doner & Company advertising agency in 1984, rising to the position of account executive. From there, he joined Ullico (Union Labor Life Insurance Company) in Washington DC, doing in-house marketing.

During this time, in August of 1990, Tom and Mark were attacked and injured in an anti-gay hate crime. Theirs was the first successful case first tried under DC's new hate crimes law. As a result of the experience Tom became involved in the newly formed grassroots group GLOV, Gay Men and Lesbians Opposing Violence. The group provided community safety education and advocated for accountability from the police and media in recognizing and addressing anti-LGBTQ violence. Tom soon became GLOV's co-chair and was known as the "activist in the suit," since he rarely had time to change out of his daytime business attire before being interviewed by the press, attending public meetings and the occasional on TV news appearance.

After his service with GLOV, and upon his move to VA, Tom became president of Crisis Link, a Virginia-based 24/7 Crisis & Suicide Prevention Hotline

Like more than 80% of Americans, Tom had never been online as of 1995. However, he took a leap and joined a young company called America Online, where he served as

VP of membership marketing. Tom managed a team integral to building total members to over 37 million. He developed many groundbreaking programs for multiple sales channels and lead integration for AOL Time Warner. When he left the company in 2008, he was one of its longest serving employees.

After following his dream of retiring and moving to Provincetown.

Tom relished being on the water. He bought a catboat in Provincetown and enjoyed sailing all summer long, even competing in races. Six years ago, Mark and Tom decided to make Manhattan their second home.

Tom was diagnosed with cancer two years ago. Although the disease was advanced, he decided he would lean even harder into his already upbeat attitude and continue to enjoy his life gratefully. Until the last few months, treatments were very successful and he continued his active life, filled with sailing, cooking, time with friends, and travel.

While on a trip to London, Tom spotted a plaque that perfectly summed up his gratitude, his faith, and his belief that a higher power existed for all. He bought two of them and placed one each in his Provincetown and New York homes. The saying became his motto.

“Bidden or not bidden, God is present.”

Services for Tom will take place at Saint Mary of the Harbor Church in Provincetown on Thursday, July 22 at 11:00 am, followed by a reception. A private burial will take place at Provincetown Cemetery.

Charitable contributions in Tom’s memory may be made to the Carrie A. Seaman Animal Shelter (CASAS), Outer Cape Health Services, the Fine Arts Work Center, or the AIDS Support Group of Cape Cod.

Edward Donegan commenting: The family history of the Donegans in Manhattan Beach California, the atomic bombing of Japan my father flew in as a P-51 escort, the above ground atomic blast testing in Nevada and Simi Valley SSFL my father was in and described were are parts are still classified and include secret DNA facts too about Glorian s history and origins. Much of what was known is destroyed and what is known know is wrong. Tom was asked to engage in bandaging over some parts embarrassing to the USA espionage elements and the Obama family and hid did so, but likely many soldiers of various types in large wars of all kinds if had heard the topmost generals describe what was really going on in secret most meetings he would have had his faith in the long term work shaken.

Whatever the case he grew up in 52 Lambeth Square with Jim, Glorian, and me, and there is a solidity to sacrafice and fidelity to our beliefs as a core make up of who we are, yet we faced complex contradictory challenges and are viewpoints differed.

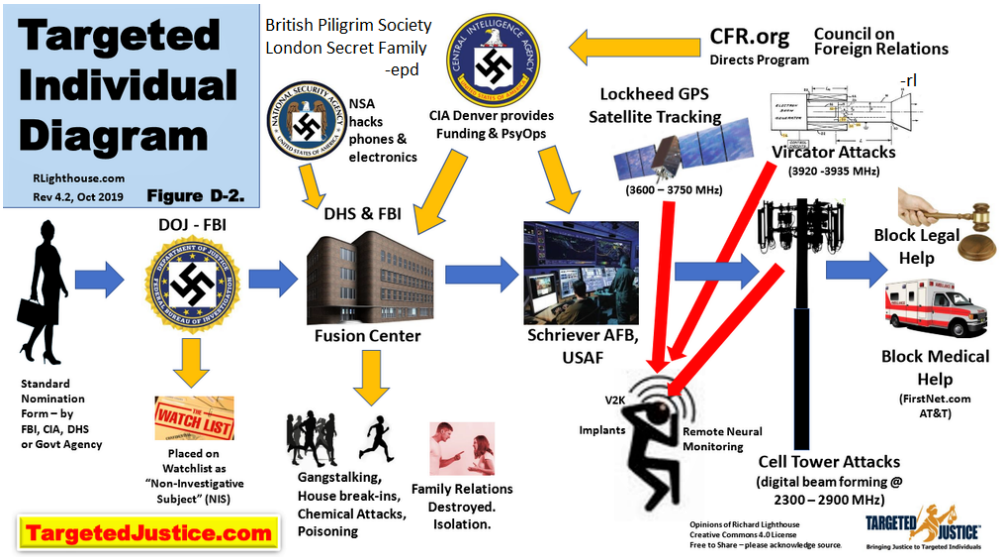
I will always love Tom and Jim and Glorian too, and I am so glad he passed with his friends at his side.

Now the darker side of a darker genetics “fix it” plan inside a shadow government Tom would have opposed but was a pawn in.

I assert these are the mafia mechanisms includign Fronts (ARC of Nova) in long con as a layer.

The most powerful and elite figures are attacking Glorian, Edwawrd, and James, but why?

Here is HOW it is being done



My personal experience and research is that I carry the FOXP2 Minimal Brain Disorder gene. Many NSA watched families do and those who show the defect are being driven from society and brain-slandered so that our brain which is a good brain with a slight hitch is not seen as the Rosemary Kennedy or Prince Albert of York gene, which it is. Glorian Donegan my mother and her brother both had the gene. It includes swallowing problems I have had too. Thinking of Studying Irish History News / Events21 July - 8 August 2014, International Summer School History: Staff/Postgraduate Seminar Series

Put briefly and more bluntly, professors Charles Rice and Francis Boyle believe: ‘the policies pursued by the British government from 1845-50 in Ireland constituted ‘genocide’.’

The most traumatic event of modern Irish history is undoubtedly the Great Famine of the mid-nineteenth century. By the end of 1847 the British government was effectively turning its back financially on a starving people in the most westerly province of the United Kingdom.

The famine was to run for a further two or three years, making it one of the longest-running famines in Irish and European history. Before it had run its awful course, more than one million people had perished of hunger and famine-related diseases. Viewed globally, it was one of the worst famines of modern times.

For the Jewish peoples of Europe their darkest hour belongs to living memory. The mass destruction of some six million Jews in the mid twentieth century at the hands of the German Nazis, and their enthusiastic collaborators in Poland, the Baltic countries, the Ukraine, Hungary and in parts of the former Yugoslavia, seemed to mark a turning point not only in Jewish but in world history.

The Holocaust and the Great Famine. Can we somehow associate these two searing episodes in the life histories of the two peoples? James Pius Sweeney of New York, writing in the Irish-American paper, the Irish Echo, while acknowledging that there were differences between the Famine and the Holocaust, went on to argue:'The genocide of the Holocaust was remarkable because of the macabre efficiency of freight cars, camps and gas houses. The genocide of the Great Famine is distinct in the fact that the British created the conditions of dire hopelessness, and desperate dependence on the potato crop through a series of sadistic, debasing, premeditated and barbarous Penal Laws, which deliberately and systematically stripped the Irish of even the least semblance of basic human freedom.

'When blight struck the Irish were 'totally vulnerable'. This was a 'nuanced genocide', he continues, one that manipulated fate 'by pushing a people to the brink of annihilation and turning away so not to hear the wailing …'.

Trinity is a novel by American author Leon Uris, published in 1976 by Doubleday. It spent 21 weeks atop The New York Times Best Sellers list in 1976[1] and 14 weeks in 1977.

The book tells the story of the intertwining lives of the following families: the Larkins and O'Neills, Catholic hill farmers from the fictional town of

Ballyutogue in *County Donegal*; the Macleods, Protestant shipyard workers from Belfast; and the Hubbles.

Conor's best friend Seamus O'Neill begins school in town under a Protestant named Andrew Ingram. Conor, needed at home, helps his father in the fields, until he becomes an apprentice at a blacksmith shop. As the years pass, the boys become friends with Mr. Ingram, who teaches them of the power of books and the history of their Irish forefathers.

Seamus goes to college in Belfast, and Conor heads to Derry. In Bogside Conor witnesses the extent of the disaster that has befallen the Irish people. Bogside is in tatters and a state of despair that has stricken its inhabitants since before the Great Famine that had taken place between 1845 and 1852. Held down by the Protestant reign in Derry's labor unions, the Catholics are dying slowly without hope.

In Derry, Conor discovers other like-minded Irish tired of the oppression of the Catholics by the Protestants. This small group, with the support of the few Irish politicians, becomes the Republican Brotherhood, the roots of Sinn Féin, and the whisper of freedom throughout Ireland.

Hitler saw the 1936 Games as an opportunity to promote his government and ideals of racial supremacy and antisemitism, and the official Nazi Party paper, the Völkischer Beobachter, wrote in the strongest terms that Jews should not be allowed to participate in the Games

German Jewish athletes were barred or prevented from taking part in the Games by a variety of methods,[5] although some women swimmers from the Jewish sports club Hakoah Vienna did participate. Jewish athletes from other countries were said to have been side-lined to avoid offending the Nazi regime.

Georg Ritter von Trapp Georg Ritter von Trapp was born on APRIL 4TH, 1880, in Zara (now Zadar), Croatia, then still part of the Austrian-Hungarian Empire. His father was a navy captain. He wanted to embark on a navy career as well and attended the Royal Naval Academy in Fiume (now Rijeka).

In 1910, he met Agathe Whitehead at a ball. It was love at the first sight and their marriage a society event. While still a young navy captain, the command of the submarine "U6" was assigned to him. During World War One, the French submarine "Leon Gambetta" was sunk by Trapp's mission. In 1916, he was promoted to lieutenant commander by Emperor Franz Josef I.

After the war, Austria no longer had a coast and did not need a navy, Captain Trapp not only lost his post, but also his wife. Lady Whitehead died in 1924 and left him alone with seven children to look after.

On November 26th 1927 he married Maria Kutschera then in London, who was the governess for the captain's children while in growingly Nazi Austria before.

The Secrets Behind Freddie Mercury's Legendary Voice video on YouTube

A property of Freddie Mercury's singing is his range He allegedly had a range from a low F2 to a soprano F6. This is what that looks like on a musical staff, and here's what the low-end sounds like in "All Dead, All Dead" (Note: Freddie only sings the backing vocals here) You can hear the upper end of Freddie's vocals in this astounding moment from "Under Pressure" That kind of range is impressive enough on its own, but Freddie knew how to use it Montserrat Caballé is a Spanish opera singer who recorded an album with Mercury She said that she was floored by the way Freddie could move around within that giant range She said "He was able to glide effortlessly from a register to another" A second aspect of what made Freddie so incredible was how performative he was with his vocals "The difference between Freddie and almost all other rock stars was that he was selling the voice" Caballé said He also had a great musicality His phrasing was subtle, delicate and sweet, or energetic and slamming. He was able to find the right colouring or expressive nuance for each word

Listen for the color nuance and performance in “Somebody To Love” Every single note that comes out of Freddie’s mouth is carefully placed and belies the emotion of the song The wide array of influences in Queen’s music helped Mercury display the versatility of his voice Their music was informed by hard rock and musical theater, by gospel and disco It was all over the map and each of these styles has different vocal traits that Mercury was able to inhabit flawlessly Listen for the way he can belt it out on the hard rock banger “Tie Your Mother Down” But his vocals feel equally at home in the rockabilly tune “Crazy Little Thing Called Love” Or how about the operatic interlude in “Innuendo” Freddie Mercury can slip in and out of genres seamlessly and sound perfectly comfortable in all of them In 2016 a group of researchers published a study on Freddie Mercury’s voice

That study found a few things about him The first is that while Freddie frequently sang in the tenor register. His natural voice was actually a baritone It seemed like no trouble at all for Freddie to jump out of his natural range for most of his career. What’s more impressive that the researchers discovered is his vibrato. A vibrato is a regular pulsating change in pitch that adds some expression and texture to an instrument or vocal.

Usually a vocal vibrato moves between the frequencies of 5.4 Hertz and 6.9 Hertz. The study found that Mercury’s went as high as 7.04 Hertz Researcher christian Herbst said on top of this his vibrato was more irregular than others He said this creates a kind of “vocal fingerprint” that really helped Mercury’s voice stand out If you want to hear the vibrato in action check out “We Are The Champions” The study was also interested in the grit and growl that Mercury could add to his voice

You can hear that in songs like “I Want To Break Free” By filming the larynx of a singer imitating Mercury they were able to see what his voice was doing they discovered that he was using something called subharmonics Which not only used the vocal folds, but also a body part called the ventricular folds

Ventricular Folds

Muscular Anatomy of the Human Ventricular Folds

Jerald Moon, Ph.D and Fariborz Alipour, Ph.D *

The ventricular folds, also known as the vestibular or false vocal folds are located above the true vocal folds and separated from them by the laryngeal ventricle. They are commonly referred as “false” vocal folds as they historically have been thought not to be directly involved in the production of “normal” voice. However, they are part of the vocal articulation during glottal stops and pressed phonation1 and actively involved during Mongolian throat singing2. They have been linked to closure of the

laryngeal lumen during swallowing and other primitive reflexes such as coughing, gagging, etc3. They lubricate the true vocal folds by secreting mucosa through their glands and provide antimicrobial defense protection4.

During phonation, the ventricular gap is kept large enough by the laryngeal or ventricular muscles to prevent unwanted ventricular fold vibration. This gap is usually larger in males than in females5. When the VF controlling muscles fail to keep them apart or the VFs become larger than usual, the increased glottal resistance creates a condition favorable for unwanted vibrations and voice disorders. Such a decreased VF gap was shown to have major aerodynamic and acoustic effects during the phonation of excised canine larynges6,7. For example, Alipour et al.6 and also Finnegan and Alipour7 determined that medial compression of the VF increased glottal flow resistance, as well as sound intensity.

The ventricular fold is usually composed of muscular, glandular, adipose and connective tissues that contribute to its phonatory and non phonatory maneuvers. Due to the lack of a complete understanding of the complex VF histological structure, its muscular and physiological functions have been the subject of many recent studies. Recent morphological studies of VF have confirmed the existence of various distinct muscle bundles8-10. Further, the activity of the thyroarytenoid muscle bundle during phonation has been confirmed with electromyography

These tissues don’t tend to get used in speaking or classical singing, but they’re actually part of what gives Tuvan throat-singing its unique sound. It’s impossible to know whether Freddie was consciously doing this or it was just his natural instinct But it’s equally impressive either way and of course, I couldn’t end this video without talking about “Bohemian Rhapsody”

The song is Mercury’s opus, and that’s because it combines everything that makes Freddie great The song is filled with harmonies that show off the range of Freddie’s voice all at once Though the video shows the band members singing, the opening of the song is a five-part harmony,

Maximilian Karl Emil Weber (/ˈveɪbər/;[12] German: [ˈveːbɐ]; 21 April 1864 - 14 June 1920) was a German sociologist, historian, jurist, and political economist regarded as among the most important theorists of the development of modern Western society. His ideas profoundly influence social theory and research. While Weber did not see himself as a

sociologist, he is recognized as one of the fathers of sociology along with Auguste Comte, Karl Marx, and Émile Durkheim.

Unlike Durkheim, Weber did not believe in monocausal explanations, proposing instead that for any outcome there can be multiple causes.[13] Also unlike Durkheim, [14] Weber was a key proponent of methodological anti-positivism, arguing for the study of social action through interpretive rather than purely empiricist methods, based on a subjective understanding of the meanings that individuals attach to their own actions. Weber's main intellectual concern was in understanding the processes of rationalisation, secularisation, and the ensuing sense of "disenchantment". He formulated a thesis arguing that such processes are associated with the rise of capitalism and modernity.

Weber is also known for his thesis combining economic sociology and the sociology of religion, emphasising the importance of cultural influences embedded in religion as driving factors of capitalism. This is in contrast to Marx's historical materialism, which considers religion as derivative of capitalism.

Weber would first elaborate his theory in his seminal work, The Protestant Ethic and the Spirit of Capitalism (1905), where he attributed ascetic Protestantism as one of the major "elective affinities" leading to the rise of market-driven capitalism and the rational-legal systems of practice in the Western world.[16] Protestant Ethic would form the earliest part in Weber's broader investigations into world religions, as he later examined the religions of China and India, as well as ancient Judaism, with particular regard to their differing economic consequences and conditions of social stratification.

In another major work, "Politics as a Vocation", Weber defined "the state" as an entity that successfully claims a "monopoly of the legitimate use of physical force within a given territory".[17] He would also be the first to categorise social authority into distinct forms: charismatic, traditional, and rational-legal. Weber's analysis of bureaucracy emphasized that modern institutions are increasingly based on rational-legal authority. Weber made a variety of other contributions in economic history, theory, and methodology. His analysis of modernity and rationalisation would significantly influence the critical theory associated with the Frankfurt School.

After the First World War, Weber was among the founders of the liberal German Democratic Party. He also ran unsuccessfully for a seat in parliament and served as advisor to the committee that drafted the ill-fated democratic Weimar Constitution of 1919. After contracting Spanish flu, he died of pneumonia in 1920, aged 56. From Wikipedia the free encyclopedia/ (Think Opus Del, Griffith Experiment and Influenza)

I am going to take some time this morning to read your status updates to hear from you and also see if I see patterns of conduct of Perps that may also help me identify their Modus Operandi. I had a friend in California who was framed like I was that we were in a “teen-phile” ring of teens trafficking. I learned a lot when I saw how things overlay and later learned the terms for them as they are described in Free Masonry. One thing I learned from Tom Dunham’s post was the “Office Party I am not invited to” ploy where something occurs behind his back. These events are smear events. I stopped going to BDSM events in Texas because they ran these. At these events Gossipers flood the place and smear gossip is shoveled like horse

manuer. After the place has been filled with manure I neither want to be there nor am I welcome there. In Free Masonry this is called an Office Mob, a hostile planted group of office workers smear you behind your back in office politics. I am always learning and studying how perps operate.

Billy Budd has a stutter retrieved from Wikipedia and copied or modified to here Herman Melville Biography Mellvile lived in Cape Cod Boston and New Bedford as my father's mother did. Melville noted the British traditions of cruelty towards impressed sailors to maintain discipline and command.

Billy Budd is a seaman impressed into service aboard HMS Bellipotent in the year 1797, when the Royal Navy was reeling from two major mutinies and was threatened by the Revolutionary French Republic's military ambitions. He is impressed to this large warship from another, smaller, merchant ship, The Rights of Man (named after the book by Thomas Paine). As his former ship moves off, Budd shouts, "And good-bye to you too, old Rights-of-Man."

The British impressing Colonials into their navy., capturing US fishermen, and other acts of war by the British on Colonials was a very intensive emotional matter for James Paul Donegan as was resistance such as the Bostonians refusing to convict US citizens or colonials in British Courts by use of Jury Nullification, the Jury nullifies the entire proceeding as a mechanism of oppression and refuses to convict the defendent as the prosecution seeks.

These tales about the British and England's history towards the Irish among others would last into the 1980s Moraga California commuting to Head Royce drives and beyond as law, philosophy, and Irish and US history were a family topic. Theatrical poster for the film Billy Budd (1962)

Billy Budd is a seaman impressed into service aboard HMS Bellipotent in the year 1797, when the Royal Navy was reeling from two major mutinies and was threatened by the Revolutionary French Republic's military ambitions. He is impressed to this large warship from another, smaller, merchant ship, The Rights of Man (named after the book by Thomas Paine). As his former ship moves off, Budd shouts, "And good-bye to you too, old [rFench Declaration Of] Rights-of-Man."

Billy, a foundling from Bristol, has an innocence, good looks and a natural charisma that make him popular with the crew. He has a stutter, which becomes more noticeable when under intense emotion. He arouses the antagonism of the ship's master-at-arms, John Claggart. Claggart, while not unattractive, seems somehow "defective or abnormal in the constitution", possessing a "natural depravity." Envy is Claggart's explicitly stated emotion toward Budd, foremost because of his "significant personal beauty," and also for his innocence and general popularity. (Melville further opines that envy is "universally felt to be more shameful than even felonious crime.") This leads Claggart to falsely charge Billy with conspiracy to mutiny. When the captain, Edward Fairfax "Starry" Vere, is presented with Claggart's charges, he summons Claggart and Billy to his cabin for a private meeting. Claggart makes his case and Billy, astounded, is unable to respond, due to his stutter. In his extreme frustration he strikes out at Claggart, killing him instantly.

Vere convenes a drumhead court-martial. He acts as convening authority, prosecutor, defense counsel and sole witness (except for Billy). He intervenes in the deliberations of the court-martial panel to persuade them to convict Billy, despite their and his beliefs in Billy's moral innocence. (Vere says in the moments following Claggart's death, "Struck dead by an angel of God! Yet the angel must hang!") Vere claims to be following the letter of the Mutiny Act and the Articles of War.

Although Vere and the other officers do not believe Claggart's charge of conspiracy and think Billy justified in his response, they find that

their own opinions matter little. The martial law in effect states that during wartime the blow itself, fatal or not, is a capital crime. The court-martial convicts Billy following Vere's argument that any appearance of weakness in the officers and failure to enforce discipline could stir more mutiny throughout the British fleet. Condemned to be hanged the morning after his attack on Claggart, Billy before his execution says, "God bless Captain Vere!" His words were repeated by the gathered crew in a "resonant and sympathetic echo."

Melville began work on the novella in November 1886, revising and expanding it from time to time, but he left the manuscript in disarray. Melville's widow Elizabeth began to edit the manuscript for publication, but was not able to discern her husband's intentions at key points, even as to the book's title. Raymond M. Weaver, Melville's first biographer, was given the manuscript and published the 1924 VERSION, which was marred by misinterpretation of Elizabeth's queries, misreadings of Melville's difficult handwriting, and even inclusion of a preface Melville had cut. Melville scholars Harrison Hayford and Merton M. Sealts Jr. published what is considered the best transcription and critical reading text in 1962.[1] In 2017, Northwestern University Press published a "new reading text" based on a "corrected version" of Hayford and Sealts' genetic text prepared by G. Thomas Tanselle.

Georg Ludwig Ritter[a] von Trapp (4 April 1880 - 30 May 1947) was an Austro-Hungarian naval officer who later acquired U.S. citizenship.

- His naval exploits during World War I earned him numerous decorations, including the Military Order of Maria Theresa. Under his command, the submarines SM U-5 and SM U-14 sank 13 Allied ships totaling about 45,669 gross register tons (GRT).
- WWII - He was the patriarch of the Trapp Family Singers, whose lives were the inspiration for the musical play and film The Sound of Music.

Archduke Franz Ferdinand Carl Ludwig Joseph Maria of Austria (18 December 1863 - 28 June 1914) was the heir presumptive to the throne of Austria-Hungary.[1] His assassination in Sarajevo is considered the most immediate cause of World War I.

Franz Ferdinand was the eldest son of Archduke Karl Ludwig of Austria, the younger brother of Emperor Franz Joseph I of Austria. Following the death of Crown Prince Rudolf in 1889 and the death of Karl Ludwig in 1896, Franz Ferdinand became the heir presumptive to the Austro-Hungarian throne. His courtship of Sophie Chotek, a lady-in-waiting, caused conflict within the imperial household, and their morganatic marriage in 1900 was only allowed after he renounced his descendants’ rights to the throne.

Franz Ferdinand held significant influence over the military, and in 1913 he was appointed inspector general of the Austro-Hungarian armed forces.

The Archduke and his wife visited England in the autumn of 1913, spending a week with George V and Queen Mary at Windsor Castle before going to stay for another week with the Duke of Portland at Welbeck Abbey, Nottinghamshire, where they arrived on 22 November. He attended a service at the local Catholic church in Worksop and the Duke and Archduke went game shooting on the Welbeck estate when, according to the Duke’s memoirs, Men, Women and Things:

Franz Ferdinand of Austria was the eldest son of Archduke Karl Ludwig of Austria, the *younger brother of Emperor Franz Joseph I of Austria*.

The *Franz Joseph Order* was founded by the Kaiser of that name on the 2nd December 1849 on the first anniversary of his assumption of the Crown .

Kaiser Franz Joseph I or Francis Joseph I was Emperor of Austria, King of Hungary, Croatia, and Bohemia, and monarch of other states of the Austro-Hungarian Empire

Archduke Franz Ferdinand Carl Ludwig Joseph Maria of Austria (18 DECEMBER 1863 - 28 June 1914) was the heir presumptive to the throne of Austria-Hungary.[1] He also held honorary ranks in the Austro-Hungarian Navy, and received the rank of Admiral at the close of the Austro-Hungarian naval maneuvers in September 1902.[19] His assassination in Sarajevo is considered the most immediate cause of World War I.

Before the assassination of him recognized by history a near death.

The Archduke Franz Ferdinand and his wife visited England in the autumn of 1913, spending a week with George V and Queen Mary at *Windsor Castle* before going to stay for another week with the Duke of Portland at Welbeck Abbey, Nottinghamshire, where they arrived on NOVEMBER 22 1913.

His courtship of Sophie Chotek, a lady-in-waiting, caused conflict within the imperial household, and their *morganatic* {Morgana, Lady In Waiting to meet a Royal] marriage in 1900 was only allowed after he **renounced his descendants' rights to the throne**.

Whitehead was born on 14 June 1891 in Fiume as the first daughter and third child of John Whitehead and Countess Agathe Gobertina von Breunner-Enckevoirth.[1] **Her father, a British engineer who had been made a *Knight of the Order of Franz Joseph*,** was the son of Robert Whitehead, the **eponym of the Whitehead torpedo**.which Captain Von Trapp would use. Her mother, an amateur architect and pianist, was a member of the Austrian and Hungarian nobility.[5] Through her father, Whitehead was a niece of the diplomat Sir James Beethom Whitehead, who served as the British Minister to Serbia, and a first cousin of Sir Edgar Whitehead, who served as Prime Minister of Southern Rhodesia.

He will hear the Von Trapp singers on the radio and recognize it is Von Trapps family.

With the rise of Nazism and the German Austrian fall to it Captain Von Trapp and Maria Kutschera would make it through the hills of Austira Germany and finally to England, and to Prince Edward VIII who had the same speech defect and was working with Sidney Gottlieb, speech therapist, biologist, and CIA agent assisting the Allies during this time.

I speculate during the time in London in the 1920s Price Edward, then the Prince of Wales, sired out of wedlock Kutscheras, my mother and Victoria Windsor, genealogist, being another one of them, also tracing her family history and genealogy from family stories.

DuPont, Warriner had a top-secret hand in history

By William H. McMichaelThe News Journal

Together Watson Warriner and Dupont [gunpowder supply and other Defense contracting since the 1800's] would make history - a story of a technological achievement of remarkable yet horrific proportions that ended World War II. **Warriner and DuPont** were key players in the *Manhattan Project* - the secret development of the atomic bomb. The 1945 detonation of two of the devastating weapons ended World War II.

"DuPont's role was absolutely vital," said Erik Rau, a historian whose specialties include the history of industrialization and who also directs Wilmington's Hagley Library, a leading business history repository. "They turned to DuPont because of all of its chemical expertise, and its production facilities expertise.

"This was a project that couldn't fail."

Many who were involved in the top secret effort had no idea what they were working on, largely due to a policy of "compartmentalization" that limited the amount of information known to any one person. Warriner, who had a top secret **Department of Energy "Q" clearance**, was one of the few who did.

Operation Kutschera retrieved from Wikipedia and copied or modified to here

Kutschera's funeral procession in Adolf Hitler Platz in Warsaw

Operation Kutschera was the code name for the successful execution of Franz Kutschera, SS and Reich's Police Chief in German-occupied Warsaw, who was shot on 1 February 1944 by a combat sabotage unit of Kedyw of the Home Army (predecessor of Battalion Parasol) mainly manned by members of scouting and guiding Gray Ranks. This special action was a part of the larger Operation Heads - the code name of a series of executions of Nazi officials by the Polish Resistance.[1]

SS-Brigadeführer und Generalmajor der Polizei Franz Kutschera became SS and Police Leader of the Warsaw District on 25 September 1943. During his earlier posting in the Mogilev District of the Soviet Union he proved himself as a ruthless officer, prone to brutal and unscrupulous methods.[2]

Soon after his arrival in Warsaw he stepped up terror measures directed against the civilian population. The number of public executions and łapanka round-ups were increased, and lists of hostages to be shot in reprisal for civil disobedience or any attack on a German soldier were published daily. These actions, based on a decree by Hans Frank, were intended to crush the will to resist among the Polish population. As a result, the Polish underground leadership included Kutschera in its "Operation Heads" list.[3]

In the course of his surveillance of the area around the Gestapo HQ on Aleje Szucha, Rayski one day noticed an Opel Admiral limousine entering the drive of the building at Aleje Ujazdowskie number 23, which was then the SS headquarters in Warsaw (and now houses the Hungarian Embassy). The SS-man who emerged from the car wore the insignia of a general, and Rayski began to monitor his arrivals and departures from the building. The SS-man was soon identified as Kutschera, who actually lived only 150 metres away, at Aleja Róż number 2. Rayski also discovered that despite the short distance from his home to the SS headquarters, Kutschera always used his car to get there.[4]

Elder Financial Abuse	*Elder Religious Abuse*	*Elder Reproductive Abuse*
Elder Race and Elder Sexual Orientation Abuse	*Elder Physical Abuse*	

In the scheme which unfolds those who have ties to abuse of my bloodline across generations, likely Baptists, Salvation Army, Opus Dei, hard to tell in charities work which form councils, have street people “providers” engage in a scam I call the Consensual and Non-Consensual Camera Scam.

I am in a public area. Others surround me and consensually photograph those traveling with them as a team, I call this group “grifters” of Long Con con artists.

Because I am in the area it will seem plausible to some I had non consensually photographed the females victim which was photographed by the grifters, who like the victim, were near me.

Often at the same time I am in the area and the female the real photographer, in fact the only photographer specifically of the female, will assert I owe for the photograph, a fight may be picked with me as if I photographed without permission, and that is a risk to me at the scene and in rumors about me passed along to others.

The system in usually “inlay photography.” I am taking a normal touristy photo, if a photo at all, and a photo-bomb female may jump in front of me. Regardless of whether I have a camera in use, the Grifters do and will assert I photographed the female and my trust fund owes theory social services or social causes, I owe them (in restitution for using tier children for my sexual relief) from my mother’s trust fund and her genetic legacy.

The False Pretenses claim against my mother’s trust harms me an my interests but becomes a way to transfer assets to other private and State backed funds my mother did not intend.

Three concepts should be considered here.

PERSONAL EUGENICS

Designer babies and 3rd Party Parents, seeking DNA from family lines admired and that DNA introduced selecting those attributes into another’s family line not having those attributes, also as Gene Therapy in families

PERSONAL GENOCIDE

The destruction of one or more family blood lines as atributes of it are shifted into other family lines, including in crossing Ethnic, Racial, National, or Religious lines

CONSPIRACY AGAINST REPRODUCTIVE RIGHTS OR STERILIZATION

Creation of biological or contextual reproductive environments hostile to intra-racial, intra-religious, or intra-national, or intra-ethnic reproductivity

Our story now advances to the NSA murder of Miechal Hastings, then after that, how my story of my birth in the Manahttan Porject at Manhattan Beach connects and explains the events

Micheal Hastings and Victoria Windsor Investigating Obama origins reporting

Micheal Hastings speaks, him quoted and speaking in the first person

How ironic that they accuse Trump of Russia involvement when it was they who conspired with Russia to produce a polished liar and charlatan to unleash on an unsuspecting and naïve nation.

Irony has nothing to do with it. Brennan's carefully-laid plan was to use CIA-linked Columbia University to provide cover for Obama and pad a nice résumé for him.

In the meantime no one ever saw Obama at Columbia because Barry Soetoro was attending the Patrice Lumumba University in Moscow, named for Patrice Lumumba, the anti-colonialist who fought for Congo's independence from Belgium and was assassinated for his troubles.

He remains a martyr for his radical e? orts and revered in Russia as a communist sympathizer. The name of the university has since changed to "People's Friendship University of Moscow" to shed the radical connotation of Lumumba.

While Victoria [Windsor] and I [Micheal Hastings] were researching the Columbia [University] discrepancies we got a lead that Barry had been in Moscow during the years 1981-83 at Lamumba.

["Barry" being BHO or Harrack Obama Jr.]

I was skeptical. Something this big surely would be splayed everywhere in our underground conservative online news outlets. I went to the PLU website and clicked on "Famous Alumni."

At the top of the list was Mahmood Abbas, President of the Palestinian Authority, or better-known as Chairman of the terrorist organization the Palestine Liberation Organization (PLO). It was the second name on the list that rocked me to my core: Barry Soetoro, President of the United States. I swear on all things holy that it was there. I saw it and Victoria took a screenshot on her computer.

Glory Ann and Victoria Windsor were Kings Daughters under the Prince Edward Maria von Trapp playboy era.

Sidney Gottleib knew of these two family lines, and when my father and mother were having DNA and fertilization testing during above ground atomic blast testing, some of the Glorian DNA was used for Twins studies including Mark and Scott Kelly, Ed Donegan Barrack Obama Jr, and others.

Probably Tom Donegan felt a few sacrifices in his own family line could spare the national spasm of the Birther theory and Michelle Obama Transgender theory from shaking the nation

Ooglers note me caring for my mother, admire that and me.		If Ed dies single and in dereliction and isolation, genome moves into causes such as the Marsili Austim work, religious groups, etc.,

The goal most likely was and is to damage the course of my life, thus in the end I will meet I will not leave my own family, my own genome line, I will not go back to work, get married, or have a direct family member heir. A person on Special Needs Trust may NOT write a will, the property of the trust is NOT mine unless I return to work and leave Social Security Disability, with an income from a job or book or other source I am NOT considered disabled under the law, and my book income is being conspired against.

Aside from benefiting the poor in a popular way the Rikky Esptein Jeffery Epstein and monetizing the trust fund into financially a Protection Racket adds big cash value to the False Pretenses, false pretenses being things like returing store items not bought but were on loan or demo and seeking a refund for cash not paied in the first place.

A chapter in this book Mousetrap uses Wild Things 2 the Movie as an example of examine the terms of a trust and creating false pretenses to access its value under.

Elsewhere in this book I will describe the entire Cartel operation as a Kludge of a for profit espionage profit center with an international objective across nations.

KLUDGE

A kludge or kluge is a workaround or quick-and-dirty solution that is clumsy, inelegant, inefficient, difficult to extend and hard to maintain. Wikipedia

Apparatchik and Dezinformatsiya are terms I introduce by formal definition and I apply them to the Press Corps and academia coverup of this large Espioange centered operation which requests secrecy and kills to protect the existance of the operation from disclosure, a secrecy mission likely charted to Rosenstein, Holder, Machen Jr, and the family members of Rosentein who for instance work for the DOJ as well and in support of CIA operations in legal matters before the DOJ and courts, and this goes to the murder of Seth Rich and Jen Moore.

Its operation included Tom Donegan hiding the pictures, mitochondria, and loving nature of my mother over years and making her seem paranoid, schizophrenic, lonely, etc., and not a popular fun loving person. Her, like me, underwent years of social and legal and even psychological sabotage from my brother and his agents and assets trying to hide the genealogy truth of our family and our fun and loving personalities.

ITS Corporal make-up, the cells operating in the cartel and the structures of it operational body are the following

That happened and now after the fact I have discovered the reasons the real characteristics of my mother and I were undermined and hidden.

BY defaming my mother and I my brother defamed her Nazi Origins, but of course most Europeans have Nazi era military connections. The reall issue was hiding that the good and fun loving side of our famlily tree, disclosed and not, are full of people who have succeeded in MANY different countries and context, and been part of those countries and contexts.

1. Pizzagate is real and teens or other exploited minors are near me as it is alleged that when in public I wish a pizza that is a code word for a teen model and that seeking teen or other minor females is the reason I am in public thus making the public hostile to me.

2. Pizzagate is a financial crime. Communities I have been to and the females will demand restitution for harms alleged to them and to those who will need assets such as patrol vehicles to protect against my presence when I am near minors.

3. CIA operatives Donald Barr and his son William Pellham Barr are tied to reproductive claims and genome, tied to the financial element of a bankruptcy court settlign clams against Ed Donegan through his mother's asset, biological rights included and this ties to Human Brain studies, the DARPA Brain Program, and the Jeffery Epstein Virgin Island brain research center which he, Jefferey Epstein may have revealed if he was not found dead in his cell

4. This ties to MKULTRA and the Manhattan Project and nuclear war studies by DAPRA, CIA, and others as options were explored like Mutual Assured Destruction deterrent to nucelar war (Robert MacNamara during JFK years) or other options and considerations to the cause and fighting of wars. This was run out of Columbia University, tied to Barrack Obama, and tied to Micheal Hatings, Columbia University New York City overlooks Manhattan Island and have the government research projects including PEGASUS written about by Andrew D. Basiago *DARPA Future Battle* which is quoted in this book

5. This ties to JFJK murder and other murders and assassinations as leadership genes long tracked by MKULTRA including out of wedlock celebrity DNA was used for sleeper agents in the war for regime change in Cuba, Hawaii, Indonesia, Korea, Vietnam, Tehran, and elsewhere including Middle East North African and Operation 40 to gain control of Mid East MENA airport connected locales for securing oil supplies.

6. This ties to JFK and his unwillingness for mass usage of the these experimental programs

7. This ties to missionary work in which Trinity Baptists, Herman Edward Butts of HEB, and others with the Catholic Church and Anglican Church and Mossad built a plan for regime change and stabilizing the Mid East and DNA from the Donegan family under study in the Manhattan Project has been part of that program.

Immediately prior to his death, Hastings had published a strong critique of the Obama administration titled “Why Democrats Love to Spy on Americans,” which exposed the party’s hypocrisy regarding some of the civil liberty overreaches they had criticized under Bush but embraced under Obama. San Diego 6 News reported that Hastings had been investigating CIA Director John Brennan for an upcoming exposé prior to the crash.

I believe the more real story yet is that Franz Kutschera, the Austrian Nazi Propoganda official who enouraged her orphand niece to sing Nazi propoganda was in fact coaching Maria Kutschera, and she upon arrival in London had out of wedlock daughers in 1926 with Prince Edwward of Wales, to beomce King Edward VIII, the King of somewhere I had been named after, I thought a Belfast area of Ireland, County Donegal and on my father’s side.

A wonderful brilliant woman. She like I underwent violent hate crime stalk during the duration of her life and the outcome of her life like the outcome to my life, trapped in homeless shelter as if I were a buttocks photographer sex offender - without job opportunities - is a result of CIA FBI NSA US Marshalls stalking both watching and claiming (while denying) our good genetics.

This I think what the OECD FBI CIA DARPA Missile command Space Council espionage system of Dan Coates DNI Underground Railroad, secretive railroad, of genetics denied to the world actually exist [since of course according to Free Masonry all genetics are equal to begin with why would Ed Donegan or Glorian Donegan by any better as studied long term?

Glorian Dongan and I have spent our full lifespans since the 1980s trapped in decaying homes running from window to window and simply old and faiding relationships rather than be able to be in public and hgarrassing abd abuive street theater emerging around us.

"I should have been a dancer!" she would say as she danced some steps around in the kitchen waving her arms.

She talked of growing up poor on the farm and making clothes from sacks or old cloths and that was fine so long as they were kept clean, not like old or dirty clothes.

It looks now like she was a daughter to Maria Von Trapp, at first Maria Kutschera. Maria Kuschera was a niece of an abuse Austrian Nazi official who had Borderline Personality Disorder like symptoms, volatile emotions or at least passionate ones.

The ADHD like gene that runs in that area is like one chamber in a guns revolver cylinder not working in the Executive part of the brain causing some spontaneity not like Bipolar, from long periods one way to long periods the other, but a regular ADHD state of slightly impulsive, perhaps even charismaticly so.

Maria Kutschera had been used by Nazis for propaganda, Nazi propaganda, and she was taken in as a novitiate in an Austrian Catholic convent where she as a novitiate was ask to assist the widow Captain Von Trapp, a resister of Nazis.

In 1926 the Von Trapps were in London where they may have finally wed however also that year they performed for Edward Prince of Wales, a Windsor from Wales thus inline to become King. Edward Prince of Wales later King Edward VIII appears to have had out of wedlock children and Glorian was among the "King's Daughters" the English Royal Family, Catholic Church, and Sidney Gottlieb relocated into the United States of America farm of Festus Gainey.

Sidney Gottlieb as a speech therapist working with the spasmodic speech tendacy of ADHD and also close with the British Ambassador Joseph Kenney, father of John F. Kennedy and it is Cape Cod Massachusetts these families came together.

I come from a good family, studied extensively, and now our DNA on the black market especially if *I die* or wills or *Glorian or I* are *hidden or faked* under others control and benefit

Somewhere someone else will say they are Ed DOnegan or authorized to act on my behalf will agree to allow usage of my DNA and the media will not out the fraud of this tied to long term CIA programs and research such as the Esptein VI Brain Foundation.

A signature affixed to something does not constitute and agreement. I learned that from my father. An offer which is clear must be extended to a person, that person consider the terms, and then agree to them or not. The agreement would then exist until its terms are executed or breached priot to completion.

I do expect to die in an institution who will under "the circumstances" manage me and my assets.

Those circumstances being that sham or shell identity from uwanted behavioral health called "Ed Donegan incorporated," a Dopple (accountancy brand confusion mistakable for me will realize assets created by Ed Donegan, thus Ed Donegan will not be of worth in creating or generating assets by financial view, but the dopple who does realize the assets actually generated by Ed will squander the assets Ed accumulated and squander them in the idenity of Edward Donegan.

Unwanted religious care is even more offensive.

Not a legitimate use of the NDAA or CIA Secret Kill Lists

Asset transfers of Edward Paul Donegan's work production to the accounts of others where the valuation is placed is not legitimate NDAA asset seizure.

Cognizance of guil by those shell identities of Ed Donegan attempting to create confusion that htey are Edward Donegan are the source of illegitimate conduct and the acts which are pretexts of loss of Edward Donegan's assets to squander or seizure.

This is not my conduct, which was legitimate activity which lawfully and with bard work produced the legitimate assets wrongly transferred into the look like account of squanderer of asset and of wrongful conduct such as squanders activities which get assets seized into the control of asset managers, I call these corrupt actors Cartels acting under color of law to manufacture the claim to assets under asset seizure which are not subject to asset seizures unless predicate acts or manufactured to seize lawfully held and created assets, and unwanted cause or religious control the asset assets allowing themselves to self enrich from positions of power over the person who is under management.

Ed Donegan fake shell legal entity of Ed Donegan is not a real account of Ed Donegan, but when improperly slid Ed Donegan's assets including assets of Glorian's will and work product gain of real Ed, real Ed without wealth will fall to his death in poverty and street fights, until unable to realized profits in his life, he will come under asset management, probably in a mental health unit and by social workers.

Thus the property of Glorian Donegan is or Ed Donegan is not realized by either, and unwanted religious or trust fund conservancy soak way both the original assets of Ed and Glorian and any future assets Ed creates, later credited to Fake Ed and thus not seen as gainful result of Ed Donegan work result.

The conditions created for Ed Donegan are hostile and abusive, meant to defile and degrade him publicly, and do so such that in the dehumanized and weekend state malicious actors can gain from a position of power from him what they envy and want, and deny it to him and his mother.

That the tools of Espionage used does not make it non corrupt use of espionage tools. Every cop on a beat can be dirty and shake down the law abiding if they want something from that person.

More family history and how our good family was under the microscope by admiring observers

My father James Paul Donegan Irish resident of Cape Cod joined the Army Air Corps as a P-51 plane pilot, B-29 escort, some fighters to protect the atomic bomb dropping B-29s, my father flying the North American P-51 Inglewood Los Angeles (Manhattan Beach California near Santa Monica) Manhattan Project WW II atomic SIMI Valley proving ground of the bomb, the “gadet” and the plane compliments which would deliver the bombs.

The CIA Speech Therapist Biologist Sidney Gottlieb was close to this all. He worked with the speech defect this ADHD form created, a gene now called the FOXP2 LONDON KE FAMILY gene I have, a KE VIII out of wedlock descendent, and also Sidney Gottlieb worked on other bio sciences such as biological weapons, assassinations, and overthrows, and he would utilize illegally genome from Glorian Donegan, and alongside my birth of these dates, a secret half twin created for study in Twins Study by the CIA during the post racial war ongoing racial strife 1961.

February 20 fertilization, Cape Cod JFK being informed, November 18 birth, Dec 13 my mothers birthday and her fertility and Aug 4, the day of Sidney Gotlieb owns birthday who oversaw creation of a Twin, and called that Twin’s birthday Aug 4, and that twin was Barrack Obama, and later twins by NASA DARPA CIA included Mark and Scott Kelly and many other twins combinations is secret long term brain research and also with those twins grooming them as CIA backed sleepers.

The CIA does not want my DNA from my mother traced to me since it is in others and I think ongoing CIA assassinations and targeting of me and my mother during our lives is a CIA NASA DARPA NSA hope my own DNA and DNA rights will soon be gone and forgotten to the world and not identifies as a “beneficial” set of brain genes, unlike those in current social CIA backed leadership families.

There had been some shadowy group referencing her vaguely and I thought it was European Jews who I am quite fond of and in the course of researching this book I think it more likely Middle Easterners angry at British Imperialism in the Middle East, suppression of the Middle East, puppet governments in the Middle East, and robbed profits from the Middle East, the Royal Family of England at work much like East Indian Tea Company

history, and much of this 1961 oil business masonry business tied to Rockefeller and Bush families of of Dallas Texas, Little Rock Arkansas, and the MENA Middle East North Africa airport of Howard Hughes Oil Drilling, TWA, and more.

This book goes into the Minnesota Twins Registry and Adoption Studies of personality and life stories of twins raised apart and I speculate I am an Obama half twin through the use of Glorian Donegan ovum the ovum of my white mother.

Eugenicists are trying to build UP the Black side of Obama in Eugenics

(whether you accept Malcom X or Barrack Obama Sr. as the father of Obama Jr.)

and they are trying to harass DOWN the white side of Barrack Obama Jr. (whether you accept "Stanley" Ann[a] Dunham or Glorian Donegan as the white mother of Barrack Obama Jr.)

and this is why I have been harassed all my life by the DARPA Brain Program including as Obama further increased its scope.

> The Minnesota Twin Registry was established in 1983.[2] Its original goal was to establish a registry of all twins born in Minnesota from 1936 to 1955 to be used for psychological research. Recently, it has added twins born between 1961 and 1964.

> Gregor Mendel: "Children resemble their parents " (Such as Glorian Donegan.) Through his work on pea plants, discovered the fundamental laws of inheritance. He deduced that genes come in pairs and are inherited as distinct units, one from each parent. Mendel tracked the segregation of parental genes and their appearance in the offspring as dominant or recessive traits. He recognized the mathematical patterns of inheritance from one generation to the next. Mendel's Laws of Heredity

> The Sibling Interaction and Behavior Study (SIBS) is a study of >600 adoptive and non-adoptive families.[1] The adoption study design allows one to disentangle the environmental and genetic influences on a phenotype, including psychological phenotypes.

This book holes Understand Tom Donegan's Role in denying The Goods (valuable genome) existing in Glorian or Jim DNA line, and using a Behavioral Health Care trap to gain control of, study, and launder the value of the "goods" to others, or at least create an asset seizures cover story of how, without permission, the genome is others including those calling themselves "little brown princesses."

An impersonator of me will authorize DNA under blackmail of exploiting minors, and those representing those allege victims claim to be authorized to use Glorian's DNA as

payment for what seems harms I have done to others.

The claims I have harmed others, or that Tom Dunham has harmed others, are false and not agreed to by me.

- To Get the Goods onto Repugnant Black Market for biology
    - Deny to me or her Glorian the Goods exist or existed.
    - Get control of the Goods by a fake claim to protecting the GOods via management aka a Conservancy, for instance, the will of Glorian Donegan which did not include the Goods but if created can money launder the Goods.
    - then under sham legal moves such as wrongly pre-texted asset seizures get the goods available for usage via mechanisms of money laundering confusion and switching between accounts of individuals moving credits and debits around with dummy accounts to create a verifiable balance sheet [because accounting was denied the true asset possessor the anihalating libilities and expenditures of an imposter will not be detected in any way]

Accounting fraud is critical. Set up BLIND conservancy which will not accurately nor specially report the liabilities, assets, or transactions under which the Goods are recognized in value and used as value. This is achieved by an unwanted unneeded conservancy which imposes itself to solve a problem it created, also called a Protection Racket which also used accounting fraud during the money laundering racket.

This Racket which depends on unwanted and hostile conservatorship of my mother and I is based not on today's needs for anyone, but weaponzing hostile acts towards me which a compounding record of damages my life and legitimizes the work of MKULTRA as claiming my genome rights or my mother's genome rights when rights to that never existed.

Hostile acts towards me and the wills of my father and mother and myself are the desperate and defiant acts of those who do not wish to admit error and come clean on the illegal operations; rather, instead, hoping additional acts of fraud can normalize, legitimize, and create a false appearance of what the reality of the matter really is.

In short I was born to Glorian and James Donegan in the P-51 side of the 509 Composite Bomber Group, the first nuclear bomber flight wing.

It is alleged that Barrack Obama has a white side mother of Mrs Dunham, Daughter of Madelyn Lee Payne [Dunham] and Stanley Armour Dunham of the Boeing B-29 Stratofortress nuclear bomber from Wichita Kansas that my father was flight escort to in the P-51.

The recieved the order to bomb Japan on Aug 4. That is Obama Jr, President Obama's birthday. He notes as far as my research (thin on this matter and second hand) that his white parents had a brother tied to the liberation of a Nazi death camp. I have not heard him mention or seen record of mention his white side parents worked on building the B-29 Bomber or that they were caught trying to pass the plans to German Nazi intelligence.

It is in this story the history of Glorian, The Vatican, and CIA comes into play. I was born under atomic testing in 1961, my father have been exposed to above ground nuclear blasts in Nevada, and his DNA watched.

It wasn't just his DNA. His wife, my mother GLorian, was out of wedlock Windsor Kustchera, Maria Kutschera who became a Singing Von Trapp, abonded Nazi propoganda shows, and fled to London and was among King Edward VIII and Maria Von Trapps out of wedlock children.

That secret history, of European Sovereigns, singing, and propaganda was her ovums piece in twins study. Along with me and my lousing speaking and writing, her, Glorian's Ovum was used with Malcom X in the same February 20 1961 fertilization study and I thik with Malcom X spren and carried by Eva Ban.

I am the P-51 side of Glorian Donegan history on Nov 18 1961 birth. Barrack Obama is said to be of the B-29 part of the 509th Composite Bomber Group story, with an August 4 Bday as his white mother moved to Hawaii.

I think the Hawaii USA piece is a cover story, and possible CIA planted birth record in Kenya was a possible fake document placed by the CIA if they need Obama as a sleeper agent in Kenay or elsewhere.

I think he is really a half brother of me, my mother's DNA continues in other white and non white lines, and a paper record, based on forgeries, is being created to explain that DNA trail, and the death of Judge Roll could be tied to the need to cover up that hisotyr of the 509 Composite Bomber Group story and CIA DARAP NASA history.

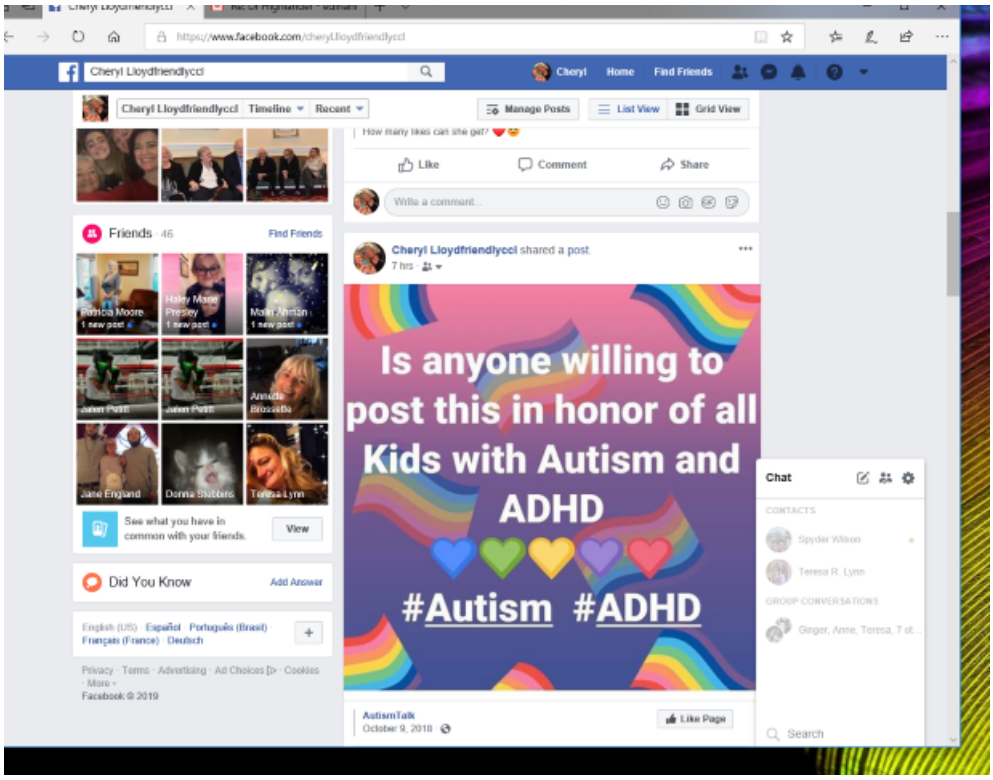
for others and also slandering me as an Alt Right person not sympathetic to the retarded or autistic.

She was in no way a dissenterested financial operator of these funds, she was personally needy.



Wherever I went, wherever I had lodging, an illegal espionage operation called a Gangstalk, organized crime by law enforcement and recruits, would create harmed children crime scenes alleged to me which would reviecve compensation from my trust fund.

For this to work Tom Donegan need to keep me out of normal community people and employment Austin Texas and into fake claims of minorities and gays who oppose Establishment Whites, the area of Nueces Texas.

This asset Seizures Kill List of fake claims against me could protect long term missuses of my genome including in Obamas by seeming to legitimize the usage of my genome, under law suit, while also ostracizing me to normal society where my genome would be used by me in racial choices I would make and that might show up on family databases as a close match to the Obama family or other families which I did not agree to genome claims too.

Is this the very highly placed Jeffery Espstein Brain Genes cartel? Follow the money through racketering and moneylaunder though the FBI is IMPEDING that, stopping Micheal Thomas Paine Moore and Jen Moore.

CARTEL

When groups band together to control the supply of a product for their best interests, that's called a cartel. If you and the other kids running lemonade stands form a cartel, you can force up the price of lemonade.

The word cartel originally referred to political parties that joined forces to promote a common cause. Over the years, cartel took on a decidedly negative connotation, and now it's more likely to describe organizations that join together to limit supply of a product to force prices to remain high. You might read about an international drug cartel or a cartel of natural gas producers. To correctly pronounce the word cartel, put the accent on the second syllable: "car TEL."

1. noun. a consortium of independent organizations formed to limit competition by controlling the production and distribution of a product or service

synonyms: **combine, corporate trust, trust**

Examples

1. Medellin cartel

   a drug cartel in Colombia; controlled the production of cocaine from the 1970s until 1993 when the leader was killed

2. Cali cartel

   a drug cartel that seized control of cocaine production in Colombia in 1993; adopted techniques used by terrorist organizations (small cells and sophisticated communications equipment and close ties with politicians etc.)

The Medical State usage: Jeffery Esptien VI (Virgin Island) Brain Foundation along with the British are running large scale billions or trillions in racketeering and money laundering and blackmail based shakedowns.

It is my belief at the time I tried to free myself of Tom Donegan and Mark Wierness who sought control of my genes rights including brain genes Rikki Epstein possible kinfolk of Jeffery Epstein was moved in to the Retarded Children funds management firm (Advocacy for Retarded Children of Northern Virginia.

Described me as retarded gave them access to my brain genes they could use as payouts and monetize to their advocacy work beneficiaries and workers just so long as they deny my genes have value to anyone, deny that to me. The genes gets seized after a White Supremacist, me is given child porn (he doesn't want) and later his cell phone will be found, actually an impersonators cell phone, and genes rights are monetized in "pay up to the community and victim" restitution shakedown lead by an anti white nationalist District Attorney and Religious red state with long illegal access to my genome trying to make access to my genome appear legal

Types

1. drug cartel

   an illicit cartel formed to control the production and distribution of narcotic drugs

2. oil cartel

   a cartel of companies or nations formed to control the production and distribution of oil

Types of: consortium, pool, syndicate an association of companies for some definite purpose
